SOCIALIST SENATOR MEGAN HUNT RESOLUTION BASHES TRUMP.

BACKGROUND. Socialist Democrat State Sen. Megan Hunt (Dist. 8-Omaha) has added to her ignominious leftwing voting record and bills by introducing a resolution that bashes President Trump and NE constitutional officers and perpetuates the myth that the 2020 Stolen Election was actually valid.

LR 118. Her resolution, with no co-sponsors, holds responsible and falsely blames President Trump and conservative congressmen for inciting the riot at the U.S. Capitol on Jan. 6, 2021. She wrongly accuses them of allegedly wanting to sow discord among the population and changing the outcome of the stolen election that resulted in the illegitimate election of Joe Biden. Hunt condemns the mob that committed criminal acts, damaged and destroyed property, and caused physical injuries to the Capitol Police, conveniently ignoring that many of the rioters were actually leftists posing as Trump supporters, wearing MAGA hats, waving banners, etc. The resolution continues by expressing “distress” at knowing that the riot became fueled by “lies and misinformation and an official abuse of power by some local, state, and federal leaders,” including the NE Attorney-Gen., NE Sec. of State, and Gov. Ricketts, who allegedly used their official authority and state finances to file electoral-challenging frivolous and partisan lawsuits meant to “usurp the democratic process.” Finally, her resolution requires the Clerk of the Legislature to send copies of this resolution to Gov. Ricketts, NE Att.-Gen. Peterson, Pres. Biden, and to the presiding officers of each state legislature.

TAKE ACTION NOW. Contact your state senator immediately to vote NO on this outlandish resolution, **LR 118**, because its passage, filled with misrepresentations, would make NE the laughing stock of the other 49 states and stain the credibility of our state legislature.
